DOOR STYLE:
P-8 Flat slab type

SPECIES:
Any wood veneer species available
Domestic wood veneer: pre-edge banded with 3mm solid edge.
Exotic Serie I: pre-edge banded with 3mm solid edge.
All other wood veneer will be edge banded with thin edge.

NOTES:
Custom radiuses are available upon request.
All curve doors as per standard drawings.
Customers should wait to get their doors prior to build cabinet.
Radius might vary lightly from door to door.
They are made of laminated core and the spring back after drying might vary.
